

Beautiful New Homes

ABN 88 100 226 428

9th August 2014

To whom it may concern:

WE have been asked to provide a reference for Site Demolition.

I have operated my own business for over 18 years.

Customers of ours, often ask us to suggest a demolition company for them to consider.

We can now confidently suggest Site Demolition as to date, in all our dealings with them we have found Rhonda and George to be 1st class.

They continually provide quick turnaround for our clients in quoting the demolishment of their home.

They are polite and courteous with our clients and up front which is a major benefit.

Their quotes, though not always the lowest price, our clients have found to be thorough and to date our clients have not experienced any "hidden costs".

I am pleased to say that this is followed through right till the handover process after demolition.

I am able to provide this reference based upon the positive feedback from our clients and the condition that the sites have been left in after the job is complete.

I have no hesitation in recommending Site demolition, while Rhonda and George are at the helm.

Yours sincerely,

Michael J Azzopardi
Managing Director.
