To Whom It May Concern

RE: Site Demolition

Wincrest Homes would like to provide a reference for Site Demolition.

Site Demolitions provide a professional service and have liaised with our knock-down rebuild clients directly with courtesy and honesty.

Our clients note that Site Demolition provide a prompt demolition service and the sites are left in an excellent condition for the construction of our client's new home.

We would have no hesitation in recommending Rhonda and George at Site Demolition to undertake the demolition of our client's sites.

Yours faithfully

Graham Boyd
Estimating Manager
